Virtual Interviews

- Many fellowships have been conducting their interviews through Zoom.
- These have been very successful.
- There’s a possibility this is the platform we’ll use, but...

Thalamus (powered by Google Video Chat)

- ...there is also the possibility that we’ll be using Thalamus’ video interview platform.
- We should know for sure within the next couple of weeks. As soon as we know we’ll post it on our website.
The Brigham and Women's Hospital/Massachusetts General Hospital Integrated Program in Obstetrics and Gynecology prides itself in fostering an environment of inclusion and diversity. We welcome applicants from across the country and the world, of any age and ethnic background who are...
